

Terms of Use for the Drug Abuse Ontology (DAO).

Accessing and downloading a copy of DAO for non-commercial research only requires completing this form. By requesting an access to DAO and signing this document, you agree to the following terms:

1. Non-Commercial License

You are granted a non-commercial license to use the ontology provided. This ontology is only provided for academic and research purposes. Using this ontology for any commercial purposes is prohibited.

2. Anonymization and Confidentiality

We have anonymized the ontology. You are not allowed to de-anonymize the data or try any method that links the data to an individual. Also, you agree not to contact any individual mentioned in this ontology in any manner.

3. Redistribution

You are not allowed to redistribute this ontology to a third party under any circumstance. Anyone who needs to use the ontology should contact us directly and sign a copy of this document before obtaining and using the ontology.

Citations

All publications that used this ontology in any form should cite the work through the following: Lokala U, Daniulaityte R, Lamy F, Gaur M, Thirunarayan K, Kursuncu U, Sheth A DAO: An Ontology for Substance Use Epidemiology on Social Media and Dark Web JMIR Preprints. 10/10/2020:24938

5. Changes to terms of use

The Authors of the DAO paper (mentioned in the above) may change these terms of use at any time. In this case, users will be informed, at which time, they can accept new conditions and sign a new document and keep using the ontology or stop using it immediately and remove it completely in any form it is stored.

6. Warranty

The ontology comes without any warranty. In no event shall the provider be held responsible for any loss or damage resulting from the use of this ontology. We make no representation regarding its quality, accuracy, or completeness.

7. Access to Ontology

We do not guarantee continued access to our ontology and are not responsible for interrupted access to ontology. The license to use and store ontology is revocable (we can ask you to cease using ontology and delete it from any storage you have it on at our sole discretion). An authorized person (e.g., a professor) may share this ontology to another person in the organization (e.g., a student), only after sharing a copy of this document and receiving a written (e.g., by email) confirmation indicating the agreement to be abided by it.

 8. Other Agreements The use of this ontology should abide by other terms of use that may tacitly apply to it. For example: 1. Twitter, Reddit, WebForums 2. Data protection laws of your country/region 			
Your signature below indicates your agreement to all the aforementioned terms.
